DESIGN PROCESS
&
PORTFOLIO

DESIGN PROCESS

The journey of every project is unique and to give you an idea of the design process, we have summarised the typical order of each stage below: -

- Initial client consultation and site visit
- Agreement of scope of works, fees, budget and programme
- Concept design
- Design development including interior architecture as necessary
- Detailed design
- Design resolution
- Onsite building works (client to appoint main contractor)
- Procurement of all product and finishes

(NB average production lead times 12-16 weeks from time of ordering)

- Production of bespoke elements
- Onsite installation of:
 - Interior architecture
 - Kitchens/bathrooms
 - Wall finishes & specialist finishes
 - Joinery
 - Window treatments
 - Final installation of furniture & furnishings
- Project handover
- Snagging

DESIGN FEES

Our Design Fees are tailored and calculated according to each individual client brief, scope of works, project scale, and project duration, and will be presented as part of our Terms of Engagement, to be agreed prior to commencement of your project. No two projects are the same, but you are guaranteed to gain from the experience, knowledge and support of a professional interior design practice. Below are listed some of the many benefits of working with us: -

What's Included?

- Design concepts
- Floor plans & furniture layouts
- Elevations of all relevant areas
- CGIs available on request (priced separately)
- Joinery design
- Kitchen & bathroom design
- Furniture selection & bespoke furniture design
- Fabrics & finishes schemes
- Decorative lighting
- Paint colours

NB: Procurement of product is subject to a handling fee on discounted trade prices. All ordering, *storage, and delivery will be managed by our inhouse team.

*Third party logistics service recommended subject to additional charge based on specific project requirements.
